

Libations Tour of Kane

Kane Chamber of Commerce

If you enjoy a great drink, whether it is beer, wine, or spirits, we have got you covered right here in Kane, PA. As always, please drink responsibly and make sure you have a designated driver.

Begin at **Flickerwood Wine Cellars**. The Zampogna family has been running Flickerwood since 2000 and has two locations, one of which is on Flickerwood Road in Kane. In the summer you can enjoy their beautiful outdoor seating area, or in the winter cozy up inside with a bottle of wine in their lounge area.

Move on to **Twisted Vine Winery** located right on Fraley Street. They are most well known for their sweet wines with fun flavors like PB&J, Twisted Citrus, and Summer Brew - the “tea” wine. This location also has games in the back room such as shuffleboard and corn hole and offers a small outdoor seating area.

A couple of doors down on Fraley Street is **Logyard Brewing**. This is their taproom location, and the actual brewing is done at a building on Wetmore Avenue. This is a hyper-local brewery that draws inspiration from the timber industry and from our town of Kane.

The next stop is **CJ Spirits**, on the edge of town. CJ’s is the first craft distillery in northwest PA and makes vodka, gin, rum, whiskey, and a few specialty items with locally grown grains and pure Allegheny Mountain spring water. Try a craft cocktail and get a tour of the distillery.

Finally, out on Route 6 is the **Wilds Sonshine Factory**. This is not just a distillery, it is also a place where people can learn about the importance of our region’s natural resources. It is the home of the original sunflower spirit and will be opening in the Summer of 2021.

Many local restaurants also serve great drinks from these businesses, so be sure to stop into restaurants in Kane as well. And consider staying in Kane for the night! We have great accommodations at the **Kane Manor Inn** or **The Spoonwood Inn** or local **Air BnBs**.

If you would like to venture outside of Kane, there are a few more wineries and breweries nearby. They are listed below:
